

Effective July 1, 2021, all Child Health Plan *Plus* (CHP+) eligible members will be automatically enrolled into a CHP+ Managed Care Organization (MCO). As a result, **providers who do not have an active contract with a CHP+ MCO will not be eligible for reimbursement for services delivered to CHP+ members after June 30, 2021.**

The CHP+ State Managed Care Network (SMCN) will no longer be available to pay for health care services for CHP+ members delivered after June 30, 2021. The Colorado Department of Healthcare Policy and Financing strongly encourages providers to begin the contracting process with CHP+ MCO(s) now to ensure continuity of care for members and timely reimbursement.

Active contracts between CHP+ providers and participating CHP+ MCOs will not be affected by this transition.

Action Needed

- Colorado Access will continue to pay claims for the SMCN for dates of service through June 30, 2021. **Colorado Access will stop processing and paying claims for the SMCN for dates of service beginning on July 1, 2021.** SMCN contracted providers should continue to see members through June 30, 2021.
- **SMCN providers must submit all claims with dates of service through June 30, 2021 to Colorado Access for adjudication in accordance with timely filing requirements.**
- Providers not currently contracted with an MCO, should contact CHP+ MCOs to begin the contracting process to be eligible for reimbursement for providing health care services to CHP+ members beginning July 1, 2021.
- For more information about CHP+ contracting, please reach out to:

CHP+ MCO	Contact Information
